

EVOTERS

AN ELECTRONIC VOTING PLATFORM THAT PROVIDES A 100% REMOTE AND 100% SECURE RESPONSE TO PARTICIPATION IN SMALL AND LARGE INSTITUTIONS.

EVOTERS RESPONDS TO THE NEEDS OF INTERNAL DEMOCRACY

It removes barriers to **direct democracy** and lays the foundation for broad participation in trade unions and associations, professional associations, municipalities, companies, universities, condominiums and other institutions.

EVOTERS INCLUDES SPECIALLY DEVELOPED FEATURES FOR EACH ELECTION

It allows, for e.g., voting with segmented ballots according to constituency or district, or weighted voting, for elections with different ballot values. It meets the formal requirements of such elections, including **secrecy of the ballot**.

EVOTERS HAS PROVEN TO BE AN EFFICIENT ANSWER FOR ELECTIONS

Of board of directors, delegates, joint committee, university and student authorities, change of statutes, collective bargaining, last offer, incorporation or constitution of a Federation, affiliation to a compensation fund, awards, participatory budgets, consultations on the Regulatory Plan or Community Development Plan.

FROM 2013 TO DATE, THE EVOTERS PLATFORM HAS TO ITS CREDIT:

941

Institutions have voted with us.

2.807

Processes carried out.

2.848.659

More than 2.800.000 people have voted with us.

EVOTERS: AN ELECTRONIC PLATFORM, WITH 3 ALTERNATIVES FOR VOTING

1. REMOTE VOTE

Remote electronic voting, from a computer, mobile phone or tablet, with strict measures to protect the secrecy of the vote and authenticate the voter's identity. Supervised and assisted remotely.

2. FACE-TO-FACE VOTING

Electronic voting at specially set up points, with authorized computers and trained monitors to assist in the process. Supervised and assisted remotely and in person.

3. MIXED VOTING

Remote and face-to-face electronic voting, coordinated centrally, with the security measures inherent to both processes. Supervised and assisted remotely and in person.
